

# | ABOUT US

Viper Carbide & Metals, Inc. was founded on August 7, 2019, with the purpose of providing high-performance carbide products to the North American market.

Based in Michigan, we are a company passionate in the carbide business and committed to always going beyond our customer's expectations when it comes to quality, packaging & delivery.

With a vast variety of carbide products, we hope to always have exactly what you are looking for with the material quality you expect.

Viper Carbide believes not only in high quality products, but the highest-quality customer service. With that said, we will always do our best to provide you with products that exceed your expectations and earn your trust. Our success is defined by Viper's dedication to customer service and the happiness of you, the customer.
